

NOW AVAILABLE AT CORKEN STEEL

Klenk® Copper Cutting Snips

Cuts a smooth edge - Leaves no teeth marks!

- **Most Durable**
- **Easiest Cutting**
- **Most Comfortable**

MADE IN
USA

Get the extra leverage and cutting power of a compound-action aviation snip with the smooth cut of a traditional pattern snip. Klenk's serrationless snips leave no teeth marks in the metal.

Perfect for architectural metals -- copper, brass and precoated metals -- where a smooth cut edge is needed. Also recommended for zinc metals, which are used extensively in the building industry in roofing, flashing and weatherproofing applications.
