

NOW AVAILABLE AT CORKEN STEEL

SCS2000 SilPruf* Silicone Sealant & Adhesive

100% Silicone

Ensure resilience and strength in new or remedial applications with SCS2000 SilPruf* sealant. SCS2000 SilPruf sealant is a versatile candidate for both weathersealing and structural glazing applications. It forms a durable seal to withstand high joint movement and extreme weather exposure for decades.

Securely bonds to most substrates
and finishes without primer.
